👤 PROFILE

Highly flexible individual with analytical skills, Hopeful for the position of Software Developer where outstanding technical experience/skills in software and application development using modern tools will be utilized for the advancement of the company.

💼 EMPLOYMENT HISTORY

CTO at Visit My Studio, Remote
April 2020 — Present

Start-up creating an online marketplace for users to meet artists and learn the story behind their art. Involved in all aspects of business strategy, and website development.

- Set up backend using Django/Python
- Set up frontend using react, react hooks, and scss.
- Set up deployment pipelines to automate deployment.
- Utilized transformer, docker, and nginx to build our AWS infrastructure and to automate deployment.
- Improved SEO and successfully made our website visible on the first page of google.

OPS Team Lead at Minted, San Francisco
August 2020 — Present

Work closely with the Engineering team to flag bugs. In addition, provide assistance to the financial team by reviewing any transaction errors and resolving them. Finally, assist CS leadership with day to day tasks.

Team Lead at Minted, Minted
September 2019 — August 2020

Managing a team of 15 agents to make sure they meet their weekly goals as well as maintaining high quality and performance.

Trade program Coordinator at Minted, San Francisco
June 2019 — September 2019

Responsible for analyzing data, onboarding new members, creating promo codes and creating spreadsheets to store data.

🎓 EDUCATION

Certificate, UC Berkeley Extension , Berkeley
July 2019 — December 2020

A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, Javascript, Mongodb, SQL Databases, React, Firebase, Node, Express, Jquery, Bootstrap and handlebars.

BA Psychology, American University of Beirut, Beirut
September 2011 — July 2015
